“ Dear Mom Henderson.....

I sit here struggling to organize my words how much you've impacted so many loved ones and those who loved you. As we had your farewell on your final journey yesterday, we reminisced through those memories. You were so beautiful!!

I have gained so much in 4 years being part of the Henderson family. I have regained love in my heart because of you (and your son Jeffery). I sent the same Rose from our wedding with you on final journey as it was my token of love for you. Thank you for excepting me into your heart. I love you Mom Henderson.

“ I will never forget how kind and thoughtful Peggy was while mom was sick before she died. She and Mom had been friend for years and she continued that friendship during the time mom was ill. she brought magazines for us to read while we sat with mom and visited frequently which meant a lot to mom and us. She was a special lady who had a gift of caring. Our thoughts and prayers are with you family as you go thru this trying time. Wanda Griffith

“ Peggy was not one to want to be the center of attention but loved to be a part of giving and helping others. She loved children - She had the Sunbeams for years and this group of energetic children were a handful but she handled it with a smile. She also helped with the food committee for years. Peggy and my mother would walk everyday and were loving friends to the end. Our hearts go out to the family as they go through this journey. We will miss sweet Peggy!
Prayers and love,
