“ I haven't saw Tommy and Charlene in many years, but I never forgot their friendship. Tommy was one of the kindest and humble men that I have ever known. He always had a smile on his face and never said an unkind word about anyone. RIP Tommy!

“ When my family and I would go visit Tommy and Charlene it was always a fun filled time. So much laughter was shared. The last time I saw Tommy I remember making ice cream with him and playing with the kinetic ball set he had, something I've done everytime I visited since I was very young. I would play with the set that I always called 'Klaker Balls' for hours on end. Seeing how Tommy was always happy and willing to teach and share knowledge with everyone is something that I've always admired about him. If I had one regret it would be that I couldn't get one last infamous Tommy Bear Hug from him. He always gave the best hugs.

“ Tommy always smiled, told funny jokes, most of all We will always remember his kind heart and gentle nature. His many stories that kept us in tears laughing, his wonderful recipes he would cook for the fire department. I still can't make his peach cobbler like his. Our girls loved him dearly and always looked forward to seeing him when we came home. We will miss you dearly Tommy and will always keep you close in our hearts and thoughts.
