“ Brenda always in my life. Earlier memories of her cooking at the lake and laughing when I was learning to ski. I remember her face when the family was concerned for Terri...the car accident and her being in the hospital so little. Most recently texting her during covid lockdown about my new found interest “puzzles”. I intended to take her my puzzles.....but I did not. Her Facebook posting of recipes, family and quotes for others inspiration and love I will never forget. Her and David’s marriage, their relationship that I saw of care, sweet touches, laughter so much smiles.....she will forever inspire me to be kinder and giving each day. Oh and what a beauty...her hair her smile and eyes were so beautiful you did want to look at herso elegant. I love you Brenda thank you for sharing your life with this little girl and my grown self now❤️
