“ Saddened to learn of this news. We were in same class at school. I remember Heath " Fuzz" tinkering with cars and taking them to drag strip. He did a great job by the way! I guess he was sort of an inspiration because I have been telling my son and his friends to work on his dad's old car so he can make it his own. The boys just looked at me confused. I told them I had a friend in school that did this and could turn any old car into a mean machine! Rest In Peace old friend. 🙏

RIP, Heath. I saw Heath and Kym at the Stephens often visiting Nova and Chevy, his kids who he adored. He was a good Dad, and always seemed pleasant to talk too. He was good about cutting our pasture, so the horses could graze. He will be missed in our neighborhood.
