“ *Casey's passing was a shock and especially painful to me. Over the years of having Casey work for me part time, I learned to appreciate and respect him as a person with a great work ethic and top notch character. He was really bright, had depth and a keen sense of humor. I really looked forward to seeing what he could have accomplished in the Navy, perhaps as a rescue diver. My wife and I will miss him greatly. What a great loss for everyone. Our deepest condolences.*
