“ I was a very young girl when I met "the workhorse", he always took time to teach me about the construction jobs he was involved in. I was just starting in sales and he never made me feel stupid or never treated me like a woman did not belong in that buss. For over years Donny has treated me like a grandchild. We had a lot of laughs over those years and we shared a lot of tears over the last couple of years. The proudest moment came when Donny came by my office to tell me that he had accepted Christ, so I know where Donny is now. One of the greatest men I will ever have the privilege of calling a friend. Go rest high, your work is done. I love you and I will miss you. Teresa Smith.
