“Doris is my grandmother better known as Nannie. As her oldest grandchild I got to have her a little longer. We also shared a very deep bond. As a child she lived with us and I would sleep with her every night holding her feet 😊. She would always make the joke you hold Nannies toes any night. She was there for us many years as my mother had many critical brain surgeries. She was truly our matriarch. As I had the eldest Great grandchild she couldn't wait to have Brendon spend the night with her. We have so many memories that Nannie was a part of. The love that everyone has for her will never be forgotten as she has touched so many lives. I love you Nannie we all do.
