“ My beautiful sister, how I miss you, I miss when we had Thanksgiving at my house you always brought me a beautiful card or a present and would thank me for getting the family together again. You always shared with me the loved you had for your children and grandchildren You loved the outdoors and flowers. If time allowed I would always ask you about our growing up years and you would share your memories with me. How I miss those days with you. I will always love you and cherish my time with you.
