LP

Over the hills & thru the valleys of life came a man who made a decision to do his part to make the world a better place in which to live. From his humble beginning the plateau in life to which he would climb was etched into his mind by his dear mother who constantly taught him the more valuable things needed to make him what he ought to be. She taught him the necessity of love and his need to share. She taught him the value and the rewards of prayer. As the years have gone by and the lives he's touched continue to mount, there is no measure of the love he has shared and good deeds are too many to count. He preached his own sermon by the way he lived his life and all the people he touched. He is loved by the old, the young and all in between; no one will ever know because the things that he did he didn't do for show. May all the ones that did him wrong be forgiven. He was never allowed to go to his home here on earth, but is now in his heavenly home. Loved you very much Uncle Euell. Linda Pope
