“ Growing up in Arab was such a blessing. On 5th St. NE. as kids we had many Mom's. Mrs. Lawson was one of those special people. I spent lots of hours in the Lawson home before they moved across town and continued to do so in their new home. As I went to High School and Mrs. Ellenberg's Geometry class, Mrs. Lawson helped me get through doing proofs and trust me that was no easy task. As I went to college and encountered Calculus and Statistics, she again took the time to help me. She is one of the people that I can reflect on that had such a positive impact on how my life turned out from a personal, educational and career standpoint.

I've been in California for almost 30 years. I go back to Arab once or twice a year to visit my Mom. It saddens me to say that numerous times on my visits I've thought I needed to stop by and see Jerry & Charles but something always seemed to come up. How much I wish I had done so.

Mrs. Lawson will be missed but always a part of my life and memories of growing up in Arab. Charles, Cheryl and Chuck are in my Prayers.
