“ Wayne (and family), words can not express how I free about the loss of your daughter. Even though the years seem to go all to quickly, the love of a daughter is forever. Take care of yourself and love all the memories of Hannah together.

“ Hannah was the essence of happiness. I know in life that we aren't always joyful. You could see it in her eyes. Her smile was pure radiance. You could hear it in her laugh. She was like a little orange hairball of courage. She tried everything. She made stepping stones out of boulders. She just lived. After Hannah passed away, it was like a little of our happiness went with her. The truth is that Hannah is not gone. She is still in our hearts like our small bright shining light of courage in the sky. I pray for Hannah's family and friends during this time of grief. I deeply love her and miss her, too.

I'm very surprised from what I heard about this & I knew Hannah for couple of years from Happy Days. She was always happy to see everyone there & she always gave me high fives & gives me smile when I see her on the days she goes there. She loved the song here comes the song from the Beatles & she knew the words & she was very good doing art. I'm going to miss her so much. I want to say I'm very sorry for the loss for the family & please let me know when I can come & show respect for her & her family 2. 🙏🙏🙏🙏.

“ Kellie, I'm praying so hard that God carry you right now and give you supernatural peace, strength, and comfort to live and to use you in a mighty way through all of this. I loved Hannah dearly and am so thankful to get to treat her in therapy for the years that I did. She will always be one of my favorite patients. She was a joy, a blessing, a miracle, and an angel here on Earth!!! My fondest memory is that she would make me sing the cop song "Bad Boys" over and over to get her to do her physical therapy skills. We had a blast even though I pushed her hard to be her very best. I am certain she is healed today and is running all over heaven and singing and laughing. I cant wait to join her again some day in the heavenly realms. I know I am going and I trust you will join us there also one day! Lord Jesus take care of our precious angel until we see her face again. Love you, Ginger Robert's (Hannah's Physical Therapist)

“ Hannah was such a blessing to everyone she met but she held a special place our hearts. Hannah had a smile that could light up an entire room. (Especially when she saw Shane). We will always love you Hannah. Until we meet again in heaven, I want you to dance, sing and bring joy to everyone there!!!
