“ I worked with Doug for many years. He was a kind and good friend. His love for God and his family showed through every time we talked. Sending comforting thoughts and prayers to his loving family and friends. I will miss you Doug but I know we will see each other again. Rest in peace.

“ I've known Doug since 1986 when I worked for Brakebush Brothers Inc. I purchased raw materials for this chicken further processing plant. Doug worked for Vista Foods and periodically sold various products to me. Being a chicken broker was a very cut throat business with some very suspect people trying to sell you a bunch of lies. That's where Doug was so different! This man was so honest, kind, and humble not looking to do anything but make an honest living for his family. We shared many stories over the 30 plus years, but mostly about each other's family. Doug's family was everything to him and Ann. Through all the good times and the more trying times, he only had a positive outlook. He just saw the good in most things that came his way. I can only say that I was truly blessed to have known him all these years and that God now has another angel looking out for all of us. Unlike Doug, I will have to scratch and crawl my way to heaven, but I know that I will have a good friend that will throw down a helping hand to get me in! Ann, you were the lucky one because you got to spend the most time around him. My prayers will keep going out to you and your family as long as I can and know this, he changed my life and only for the better!
