“ *Jerry was always the adventurous one. Loved the out doors. I remember going fly fishing and quickly learning that its not for everyone. He loved his music and in grade school I took guitar lessons so that I could play guitar just like my big brother. So many wonderful memories all that shall forever be cherished. May God heal the pain and bring joy in knowing he was a wonderful part of so many lives. Love Jerry's sister Sheila and family.*

“ My brother Jerry was a fun guy to be around with. Always joking. He played the accordion, guitar, piano. I remember his songs that he would play and sing. Detroit City, was one of my favorites. He was always busy. I love you my brother and you will be missed. Even though we didnt see each other or talk on the phone that much but when we did we always caught up on things. Remember when Janet and I came down to see you all? We went fishing in that pond. That was a blast and you and Pat made some of the best deep fried fish ever. Well anyways you can say hi to dad and Zane for us. RIP you are in no more pain. Im just glad you and Pat and Tina had got to come home to visit We had the whole family here. That was so much fun

we love you
