“ Some years ago, I believe the first time I went fishing was with my grandpa. I can remember not really knowing what I was doing and basically slung the rod into the water. Of course, he got onto me because I was going to scare the fish away. It makes me smile to remember, like many other things.

“ Mr. Massa was amazing! He could *listen* to a car and figure out what was wrong with it! This keen ability prevented me from having a car accident. One evening we were on our way to Bible class and Mr. Massa told me to pull off the road. We discovered that one of the wheels on my car was about to fall off! Love and will miss him!

Love to the Massa family!

“ Jerry was a great ham radio friend, where ever we traveled I could always count on Jerry being available to talk on the radio to me. He was such a kind person who never had anything bad to say about anyone, he always had such a positive attitude. Radio friends were always committing about Jerry and I being on the food network because we frequently talked about food!

*He will be missed!
Rest In Peace!

“ I remember one time at the old house he asked, “Where’s Greg?” and Greg replied, “He’s close.” I also remember getting talked to about Mickey Mouse foolishness. Lol. He genuinely cared for his family and wanted to be sure everyone was going down the right path.
