“ Co-worker here. Only met him over teams. Only known him for a short while and was getting to know him. He was a very fun individual to work with during training. We chatted when we could and enjoyed many different experiences. He will be missed.

“ Johnny was a really cool cat. I've known him about 40yrs. Gosh that's crazy! My memory of him was a long time ago. He's parents use to have a pet crow. Well Johnny and him didn't get along. I laugh right now, he come in from being somewhere and that dang bird would scream at him. Johnny of course didn't take to well to that,so he would scare that bird every chance he got. So hilarious! Maybe just me!but anyway he is gonna be truly missed. Rest in Peace my old friend

“ I worked with Johnny closely over the past few years and really enjoyed talking to him. I live in Idaho but recently took a trip to Huntsville. I knew he lived close so met up with him one evening to just shoot the breeze. I even visited his favorite cigar shop. He will be missed by many.

“ Barrett family, I truly enjoyed working with Johnny at Peraton. I have been fortunate enough to have worked with him quite a bit over the last several years and he was always friendly, helpful, and kind. He used to send me a chat in the mornings every once in a while just to say hi and ask how I was doing. Johnny had a very kind soul and I will miss him. My prayers go out to all of you as you learn to deal with his loss. I hope your good memories of him carry you through this difficult time.
