“ To the Harris Family .

It's been years since I have seen or talked with you and your family (I hate that this happened) . I never forgot any of yall . Your mother was such a inspiration to work with even at my young age of 16 years old . She taught me so much in her own ways .I never realized then and for many years what she instilled in me . She was always a happy go lucky woman that looked at the best of any kind of situation .

The world is loosing those special kind of individuals more and more every day . The world lost another one when she left this world too. I lost my mother in 2020 and Juanita was always so good to both mother and me . Mother (Theresa Dutton) loved all your family and talked of yall many times over the years , never forgetting yall . Your family is in my prayers and thoughts . R.i.P .Juanita Harris !
