“ I have so many memories I wouldn't know where to start  
Our family is lost without him  
Yea he was our employee but he was so much more  
He was like the son I never had  
Granted he never listened to anything I said An there were times I  
could have pinched his head off but I sure did love him  
Just want to tell y'all thanks for sharing him with us

I got to know Justin a little bit while we were working together. Didn't know him very long, but man what a huge heart. Hate to hear this, thoughts and prayers to his family and friends.

I got to know Justin threw my son James and grandson Jeffery. He was always so nice and respectful to me every time he saw me. He always was smiling and if he was ever needed he would be there to help out without any questions. He will surely be missed by many but I know James and Jeffery will miss there friend always. My thoughts and prayers go out to his family and friends.
