“ *Hard to believe he’s gone. One of the joys of Spring was reconnecting with Keith in the ball field. Always a great guy, and spoke proudly of you all. He will be missed. Sorry for your loss.*

“ *To Keith's family. I had the honor and pleasure to meet Keith about 18 years ago in our old men's baseball league. I usually was an opponent but on a few occasions a teammate. Keith was a gentle man and (on a much less important scale) an extremely tough out. Even though our relationship was solely on the baseball field, I considered him a friend. I will miss him dearly. I know he will be missed by all of us who play. God bless you and give you peace.*

We played together on the first and second baseball teams when A P Brewer High School opened. We played against each other for years in youth baseball. Keith was a great player, teammate and person in high school. Prayers and condolences to his family.

Keith, you are more than family by marriage. You will always be remembered for your kindness, gentle spirit, quiet strength, humility, wry sense of humor and boundless love. So many precious memories that I will forever cherish.

You will be forever missed and forever loved. RIP brother, your light will never fade.

Vickie, Jody and Ty, my heart aches for you. I'm praying fervently for comfort, strength and peace . "Fear not, for I am with you. Be not dismayed, for I am your GOD. I will strengthen you and hold you. I will uphold you with my righteous right hand".

My condolences to Keith's family. I was fortunate to work and travel with him during Space Launch System development/NASA activities. He was always the voice of reason in sometimes chaotic situations and a knowledgeable hard worker as well. May God be with his soul and provide comfort to his family.
