“ I met Kelli at Weeden School, in the 4th Grade. I went back to Wilson School the next year, but she shortly followed a little while later. I would go and spend DAYS on end with her and her family. (Millie always came all the way out to Zip City to pick me up from Florence, too.) She was my very best friend for many, many years. We lost contact after we grew up, but a few years ago, God brought her back into my life again. She was still the beautiful and silly Kelli that she was when we were kids. To this day, and for the rest of my entire life, every single time I hear a Dr. Hook song, I will laugh out loud, and think of her...She know why! I love you Kelli, and will see you again someday to share that laugh again. ;)

“ *Kelli you will be missed greatly by family and friends, but we all know you are in a better place and no longer in pain. We met in intern class 3 years ago and the first week we had to pick someone in our class to get to know and then do a brief about them. We chose each other to get to know and we had so much in common that everyone thought we had known each other since we were little. It amazed them how much we clicked. I will never forget that. I have enjoyed every moment of getting to know you and your family and our little boys getting to play together. You will be missed!! We love you Kelli!!!*
