“*Sadly today, June 18, I learned of Mr. Clark's passing. I first had contact with him during the summer when I was first employed at Arab High. He was a twelve month teacher; therefore, he was there to help me during the months prior to the students' first day. He was so helpful then and during the years to come. His academic program was excellent and his VICA had a wonderful reputation within the Arab Community. His family members were a delight to know and reflected his high qualities as a man.
