“ To my sister Linda and her beloved Don, her husband, best friend, caretaker and provider of so many blessed memories over their 37 years of marriage. May you be peacefully resting in the Lord's sanctuary. You so deserve to be comfortable after these recent years of pain and puzzlement of the medical world that has affected you. Through it all, you had Don by your side constantly as your vital source of comfort. You have been so blessed in that regard.

In reflection of your childhood and younger years, I am reminded our family has not been one to stay still in any one location. Just as dad's siblings found interest, work and peace in literally each end of the country and points between, mom and her brother, our uncle ventured out from Harrison County, Ohio to plant their roots. Your sister Amy left the Chicago suburbs, and made stops in NH, OH, CA, SC before settling in their current home in TN. I left the Chicago suburbs to come to TN and also made a stop in SC for a couple years. So you too ventured to Kentucky, Florida then northern Alabama where you acquired a fine piece of property and built the majestic home of your dreams.

That is the story of our family. We are not ones to sit still.....to stick around the "home place". But rather we carved out each of our lives on our own, following our dreams and ambitions, not tethered by the past. To me there is a lot to be said for that. The work we do can happen in a variety of locations but our environment has to be one that we enjoy and place high on the list as a place to live. Where we live to achieve the lifestyle we each choose. Your finding Union Grove, AL was a perfect place for you and Don to settle in. You made the most of the opportunities there. Just as it was for you in FL, it was rewarding to watch you make your home in each place. It has been fun to see you enjoying your neat homes in each location.

I miss you. Our family misses you. God Bless Don and God Bless you always,

“ Linda taught me a whole lot growing up, she didn't care for kids too much, but loved me a whole lot. We spent a lot of time together on my summer visits. Even taught me how to ride and train a horse. I remember her sense of humor and how we would laugh until we snorted sometimes. Thank you, Linda for the life lessons, my love of books and puzzles, and for being there when I ran smack dab into that spider web that day! May you Rest In Peace.

“ Some of my favorite memories of Linda was when I visited Don & Linda for a couple weeks each year, during deer hunting season. I did more visiting and not much in the hunting part. On the last morning when I was leaving for the 700 mile trip home, (usually around 3 AM), Linda would be in the kitchen baking 12 little ham, onion, & cheese sandwiches for the trip. All individually foil wrapped to stay warm. She & I would each eat one before I left. Saying goodbye was always a hug, kiss, & a "I love you" through tear filled eyes on both of us.

Words cannot express the loss that I feel when I think of Linda and how quiet their home will be now, not hearing her booming voice and laughter. She will sadly be missed by all who have known her and loved her.

God bless you Linda!
