“ *Mark was such a great friend to me. He would always come in my classroom and let me know that what was on the floor was going to be swept up, but then he would take a moment to check in with each teacher and make sure they were doing okay. He always made time for each of us as he went about his duties. When we stayed late he would make sure we were safely to our cars. This always meant so much to me. He was just a great guy! He will be greatly missed. (And, ad I've told him before... we will take care of Debbie!!!) Thank you my friend!*
