“ Steve and Sandra, I wanted to offer my condolences in person but am experiencing side effects from having had the flu and feel that I might still be contagious to others. Your Mom was a gentle, kind and loving person who had a warm smile, a quick laugh and something nice to say to everyone that she met. She will be sorely missed by all of us who knew her and moreso by each member of your families.

May you find solace in all your memories and love of her in the coming days, weeks and months. There are a lot of folks on Brindlee Mountain who will be there for you and with you because of her love.

Sandra, Steve, and your families. I am so sorry to read about Mrs. Haney's death. She was such a delightful person during the number of years that I knew her and one that spent her time enjoying life and spending it enjoying her family and friends. I have fond memories of her coming to school when you all were there as students and how much she supported everything that was going on. You will have so much to remember about her and how she always supported you and the things that you did as children, and then how she loved the grandchildren. It is my delight to have known her for many, many years. Blessings to all of you as you continue to share memories of her life with your loved ones for years to come. Best from here. Jerry Thomas

Sandra and Steve,

Some of my most cherished memories from childhood are the times that we got to spend with my Uncle Pat and Aunt Evelyn out at the old place. Except for that time your mother fed me the by then very cold breakfast I didn't eat earlier in the day for my lunch. I know that the immediate family misses her so much and the extended family does as well. God bless all of you.

Sandra and Steve, I was so shocked when I received word of your mothers death. It was like losing my own mother. I have so many great memories from spending time in your home. I loved spending Saturday night because she always made fresh yeast rolls and ice tea. We would have made the trip, but my health would not permit it. i will call you in the next week and talk more Love you both and praying for both families today and for the future.
