“ *Misty, my loving baby sister. I love you with every ounce of my soul. The moment I found out our parents were together and I was going to have a little sister was the best thing ever, I just knew it was going to be perfect. Then I met you and I knew you were always going to be my best friend. I loved you before I even met you, and over the years that love just grew stronger. I'm so proud to call you my sister. You were an amazing Mother, Wife, Sister, and Daughter. Our whole family knew without a doubt that you loved us. I miss you already and will every day of my life. R.I.P. my Angel, please watch over me till we meet again...*

“ *Misty was a wonderful woman. When I was sick and in the hospital she came up there and made me laugh the entire time about her hair having to be cut short since mine was all tangled and falling out. She was an amazing lady with such great love for not only my uncle but for my whole family. May she rest in peace.*
