“ Deidre and family, we were shocked and saddened to hear of the passing of Paul. Paul was my electrical engineering manager for many years at TRW/BCS in Minnesota. He was a great Boss, but also a good friend. Paul gave us general direction on our designs but allowed us to complete the tasks as we felt best accomplished. If we happened to make a mistake of some sort, he would admonish us with "Bad Boy, Bad Boy". Paul was a grill master and could make a great smoked pork shoulder, and smoked turkey pot pies. Paul loved his sweet home Alabama home and couldn't wait to get back there. We only wish he had more time there. We keep you in our hearts and prayers.

“ Paul and DeeDee were our neighbors in Minnesota for a few years until returning home to Alabama. They were great neighbors and friends. I greatly enjoyed talking to Paul out on the street and he seemed to always be busy with one project or another. He was a good person and will be missed. Dee, please know that you and your family are in our thoughts and prayers!❤️

“ Paul was my oldest and closest friend. We met in 1976 while we were in the US Army and have been friends ever since. We've shared so many of life's events together, both good and not so good. I'm going to miss him.
