“ I will miss my sweet Grandmother everyday. She was always my person growing up, she taught me so much my entire life, she was always there for me anytime I needed her. She was very loving, caring, and protective of all us grandkids. She was the person I went to with all my joys and worries in life. She always had great advice and knew just how to make me feel better when I was upset. I will miss her stories of the past and hope I can remember them all to tell my grandchildren one day. She will forever be missed and loved. I love you a bushel and a peck, and a hug around the neck grandma...until we meet again.

“ This is my amazing Grandma! There are so many great memories I have of her. I loved hearing about the day she got to meet Elvis! And every year for Christmas, she turned her house into a "Winter Wonderland" that consisted of over 1000 Christmas decorations!! I will have a lot of those pieces now and will display them every year for her!!
