“ Aunt Thelma was a precious soul. She was always loving and funny. I will always remember her as a giving person, a volunteer, a spiritual warrior and a precious Aunt. I was just thinking of her a couple of weeks ago and got busy and didn't call her. I truly wish that I had spoken with her one more time. She is loved and will be missed.

KH

“ This was my only grandmother I grow up knowing. She held the title True Christian. She had firm beliefs in her Lord and Savior and was a child of God. I have some many memories as her as my grandmother, one being that I'll never see a watermelon the same way again. I have always been there for her even into my adulthood. This woman never met a stranger. I'm truly and surly am gonna miss her dearly, but what helps me the most, is that I know how much she knew I loved and cared for her and I knew how much she loved and cared for me as well. I can rest easily knowing she is having a great homecoming in heaven with her family that has since left this world before her. I love my Mawmaw and I'm gonna miss her so much. Love Kimberly

AH

“ *Thelma will always be a grandmother to me and my sisters. I can remember watching countless hours of watching Shirley Temple movies and enjoying her cornbread in a bowl of milk. She truly is a beautiful soul and a gift from God. Prayers for the entire family in this time of loss.*
