“ *Such devastating news. I worked with him at Gadsden Regional Home Health. He was always so kind and I would often run into him at patient’s homes and I saw how well he took care of his patients and his gentle, sweet spirit with them. I always enjoyed his humor as well especially at our weekly team meetings. Praying for the family and friends.*

“ Mitch was a good friend and a kind, caring coworker. So many memories were made with him and his precious family over the last 20+ years. His love of hunting and fishing was unquestionable. His work ethic was unmatched. And his wit and humor would always brighten your mood. You will be forever loved and missed my friend.

“ My heart is broken. Mitch and I worked together at Gadsden Regional Home Health. He truly cared for his patients and they loved him. He treated two of my family members in the past year. Our last conversation was about retirement and plans for the future. He will be missed.

“ I am such at a loss of words. I worked with Mitch at Gadsden Regional Home Health for the past 16 years I have been there. Such a loving and caring man. He loved his work and allowed God to use him to rebuild broken people. He will truly be missed. Definitely praying for the family and friends.

“ I have just recently had the honor to work with Mitch after starting with Gadsden Regional Home Health as a nurse. We have made several visits alongside each other with my last one this past week prior to his transitioning to be with Jesus. My heart is broken for not just us, his co workers but for his family that will miss his presence. My prayers are with you all through this process. Mitch I sure will miss you and your humor! Look down on us and send us good vibes as you know we need them thru this world we are in.

“ Mitch and I worked together at Gadsden Health and Rehab over 10 years ago. He was a huge influence on me going back to school to become a LPTA!!

I remember one time Jamie and I were going on a walk when Mitch was leaving for lunch in his new truck. We were being silly and jumped on the back of the truck. We got the dad look in the rear view mirror. We quickly jumped down and thought we were in trouble.

The world lost a good man! Praying for his family!!

SP

Mitch had been here to see my husband just maybe 1-2 months ago for therapy.He had been his therapist one or two other times.He also was my therapist after a surgery about 3 years ago...He was very kind to both of us.We enjoyed him being our therapist..I did not learn about his passing until this evening.It was such a shock.Our sympathy to his family!!
