“ *Sis. McAnally was a very sweet lady and will be missed. I remember a few years ago when my dad started having back issues, she was very concerned for him and told me more than once that I needed to get him a roller walker and where I could get one. When he got one, she was very pleased because she knew she had a hand in it. She would also ask about my parents and tell me she was praying for them. As she got older, she was not able to do the things she once did as a younger lady, but she still did what she could, and her prayers were much appreciated. We will be praying for the family. May God bless you at this time,*
